

Physics Video Checklist

General

- ☐ Our video is between 3-6 minutes in length.
- ☐ Our video does not use text to explain things.
- ☐ Our video is safe, and shows necessary safety measures if applicable.
- ☐ Our video follows Full Sail's Professionalism guidelines.

Introduction

Our video's introduction includes the:

- ☐ names of all group members.
- ☐ section number.
- ☐ month.
- ☐ group name.
- ☐ instructor's name.

Explanation

- ☐ Our video defines a physics topic.
- ☐ Our video correctly explains the physics topic.
- ☐ Our video lists some factors that affect the topic.

Demonstration/experiment

- ☐ Our video includes a demo or experiment performed and recorded by the students.
- ☐ The demo/experiment displays the chosen topic.
- ☐ The demo/experiment is explained thoroughly and accurately.
- ☐ The results of the demo/experiment are shown, analyzed and discussed.

Relates to degree

- ☐ Our video states the degree programs of the group members.
- ☐ Our video explains how the chosen physics topic relates to the degree program.

Conclusion

The conclusion includes:

- ☐ a summary of the video.
- ☐ citations for all outside sources (images, videos, background music, etc.).
- ☐ citations for all student-created work in the format:

Title of Production". Produced on: ## Month, Year.
